Picnic Table

An eight foot table accommodates a wheelchair, and can also be used when extra table surface is desired for either serving dishes or even a small table top grill.

We believe in only doing our best work, so your order may take a **while, but once it's made, you'll** have a lifetime of enjoyment!

Adirondack Collection

Our Adirondack Chairs are modeled after the original design of the chairs found in the Adirondack mountains. They are sturdy and very comfortable. The angle of the seat has been set a little more upright to make it easier to get out of the chair, yet it maintains the feel of this classic style.

Chairs shown here with the Adirondack side table.

Adirondack Settee

This settee features an easily removable middle table (no tools required) that allows chairs to be used individually, as well as making it easier to move/transport the set.

Inset above shows close up of middle table.

Adirondack Collection

Adirondack Ottoman
(Sold Separately)

Adirondack Chair with Ottoman

The ottoman transforms these chairs into loungers, and takes them to a new level of comfort.

Commercial Collection

Our “made for commercial use” items are classified in this manner because they are heavy duty in design for use in a public setting. We have installed benches at the Carteret County Courthouse in Beaufort, Carteret County Community College, and 8 ½ Marina Village in Atlantic Beach as well at additional locations throughout the county.

There are three items in this collection; two benches (one with a center arm) and a picnic table designed to accommodate wheelchairs. (Pictured on pg. 14)

Memorial / dedication benches are available for an additional \$20.00.
